WISI GT ESUA1

Software option for additional 1 year SUA extension

Description

The TANGRAM product platform is continuously evolved and developed with new or extended functionalities. To benefit from the development, you can upload new firmware versions in your existing installations. To be allowed to upgrade to a new firmware version, you must have avalid Software Update Agreement (SUA-> http://page.wisi.de/sua-faq). All TANGRAMs get a one year SUA from the date of registration on www. wisiconnect.tv. To extend the SUA, you buy the SW option GTESUA1 (1 year extension) or GTESUA3 (3 years extension). The WISI TANGRAM video platform is a highdensity digital TV headend for contribution of digital TV via IP networks and end-to-end IPTV solutions such as video-on-demand, connected TV and OTT (Over The Top) or Web TV.

Scope of delivery

- After buying the software option you can download the enitlement file which includes the software option on www. wisiconnect.tv.
